We only use top quality de-icing salt that will melt ice down to -10 degrees ensuring an ice-free environment in all but the very worst conditions. We use white salt—reducing all the problems with tramping brown salt through buildings and all the consequential problems that can bring—which complies to BS3247 ensuring less than 4% moisture and an even grading. This allows for a regular and even spread of salt ; minimising wastage and environmental impact and maximising efficiency and effectiveness.

GRITTING SERVICES

Limitation of Liability

If we are on site for the purpose of providing gritting services, then we will indemnify you against direct damage or injury to the property or person or that of others occurring while we are working on site, to the extent caused by the negligence of ourselves, but not otherwise, by making good such damage to property or compensating personal injury. Provided that:

Our total liability for damage to your property (including damage caused by our breach of contract, tort or breach of statutory duty) shall not exceed £1,000,000 or the contract price, whichever is greater, and we shall not be liable to you for any loss of profit or of contracts or, save as aforesaid, for any loss or damage of any kind whatsoever and whether caused by our breach of contract, tort or breach of statutory duty or otherwise howsoever.

Save as provided above we shall not be liable for any damage or injury occurring prior to commencement or after completion of our work on site. In particular, but without limitation, we can accept no liability for incidents occurring on gritted areas. We draw to your attention that gritting does not and cannot provide a complete solution to icy conditions. Grit is spread evenly, but will not cover every inch of surface area. Consequently we can offer no guarantee that the gritting of areas will prevent accidents occurring. We specifically draw to your attention the potential for re-freezing taking place after gritting has been carried out in which respect we accept no liability.

Response Times

Any response times will be approximate only and subject to change according to prevailing weather and traffic conditions in particular. Subject to those conditioned we agree to use our reasonable endeavours to reach and grit the agreed list of sites as soon as reasonably possible.

Sites Covered

We agree only to cover the agreed list of sites (agreed at the time of acceptance of your official order and acknowledged by us) and no others. Any further sites ("unlisted sites") will be gritted subject to availability of gritters and crews at our sole discretion and subject to agreement of a one off price. Any agreement to grit an unlisted site on any one occasion will not give rise to any obligation on our part to agree to grit that unlisted site on any subsequent occasion.
