

ENTERPRISE PLANTS

Making work better ... naturally

planet range

Hire our unique recycled planet range planters and save Orangutan habitat

Planters made from 100% recycled waste plastics

Liners made from 100% recycled plastic

Plants growing in 100% recyclable peat free medium

The best air cleaning plants selected on basis of extensive research

Reduced maintenance visit frequency causing reduced environmental impact

Help raise recycling awareness and can include your own logos or messages

Provided with a label telling the story of the planter which can be customised to suit your own requirements

Hiring these displays also saves threatened Orangutan habitat and comes with a certificate from the WLT.
